The group started in 2015 which started about Planning but has grown into a large group of the community supporting many fields to protect our clifftops and coastal walks. They receive many Emails and twitter messages of support and not only from residents but from visitors. They are very passionate about our coast line which should not be left to developers to upset the natural beauty of Newquay and surrounding areas. They have a Facebook page, where one petition received over 1000 responses. They also not only to protect from new builds and redevelopment close to cliffedges coastal fringe also focus on the erosion of coastal change, mother nature, environmental issues, cleaner beaches, waste plastic, helping to keep Newquay the picturesque area that it is.**
