Our Commitment

By agreeing to abide by the contents of this document, residents, businesses and service providers – ‘the partners’ are committing to the well being of Newquay and understand that a ‘good neighbour’ approach and tolerant attitude is needed from everyone

All partners will work to

- Respect each other
- Prevent problems from happening in the first place
- Work together to help sort out problems as they arise
- Not tolerate crime, anti social behaviour, neglect or vandalism
- Take all complaints seriously and deal with them sensitively

Making your neighbourhood a clean, tidy,
safe and secure place to live and work

Working together to make Newquay a place that is

clean and safe, where people have respect for each other and respect for their environment

What are the Neighbourhood Agreements?

The two agreements set out the standards of service delivery that Cornwall Council, the Police and other partners will work to along with a set of shared or individual responsibilities for the community living or working in the agreement area.

One agreement relates to a **clean and tidy place**, the other to a **safe and secure place**.

The service providers say what they intend to do, how, where and when. The residents agree to play their part in helping to make their neighbourhood a clean, safe and pleasant place to live and work.

The agreements are being supported by the Home Office and highlight common issues raised by the community through, for example, the recent **Newquay Town and Parish Plan**.

The agreement will be monitored on a regular basis and provide the opportunity for the local community to have a voice.

We sincerely hope that you can support this agreement in any and every way you can.

What are the benefits? Why should you bother?

If everyone including the Council, Police, residents and businesses played a part, however small, in making this agreement work then:

- We will end up with a nicer place to live and work
- We can improve the image of the area
- We can establish a sense of civic pride
- Local people will have a voice and more control in how services can be delivered
- There will be increased community spirit
- A better relationship with the Council and Police can be fostered
- Everyone will know who they should be talking to get their concerns heard.
- Everyone will know that the agreement is being monitored and how to report concerns
